Vol. IV No. 3

Dear Customer:

It would be an understatement to say that the market is heating up. Several areas, in fact, are more active than they have been in years. U.S. Gold in particular is enjoying phenomenal popularity due to pending legislation concerning reporting requirements for pure bullion coins such as K-Rands and Maple Leafs. Silver Dollars are also finding renewed interest as the metals markets continue active. Gem type coins are also in high demand, although the present supply is limited, at best.

All indications point to a healthy market for 1984 and into 1985. I encourage you to review our selections carefully, and call one of our representatives if you find an item of interest. Even if you don't, our extensive buying contacts enable us to locate nearly any rare U.S. coin available for sale today, so your "want list" will not be neglected.

Sincerely,

Michael W. Sherman

TWENTY CENT PIECES

- 1875 Proof (65+) Deep sapphire and grey toning atop fully reflective and virtually unblemished surfaces. From a recently broken up 1875 Proof Set and the nicest coin in that set. A coin of incredible beauty and a very desirable type piece as such. 9,600.00

- 1875-S MS (65) We currently have two especially nice pieces in stock. Both are naturally toned; one is semiproof-like while its counterpart is satiny. Our numismatists will be glad to discuss either—or both—in greater detail. Each coin is priced at 5,700.00

- 1886 Proof (67) Superb! A stunning Gem with deep dusky lavender, russet, rose and grey hues atop virtually perfect surfaces. The obverse shows full cameo contrast. As type coins are, currently, on hold as gold dominates the numismatic scene, coins such as this represent tremendous opportunities. 5,875.00

BUST HALF DOLLARS

- 1806 VF (25) O-116. (R-3). Pointed 6. Stem through Claw. Magnificent deep toning. Unevenly struck but charismatic due to its originality. 400.00
- 1806 AU (50+) O-109. (R-1). Pointed 6. No Stem through Claw. Somewhat prooflike surfaces have toned to a light golden-russet. Quite sharp for a variety which is often seen very soft. Curiously, an "H" has been counter-stamped to the left of the eagle's claw. 2,000.00
- 1806 MS (60+) O-119. (R-5). Artificially toned. Why not dip this otherwise exceptional coin and let it resume life as a plain old white piece? 7,525.00
- 1812 EF (40) O-107. (R-2). 110.00
- 1813 EF (40) O-110. (R-1). Struck from sharply clashed dies. 135.00
- 1821 AU (50) O-104. (R-1). Unimprovable quality for the grade. 220.00
- 1821 MS (63) O-102. (R-1). Fully prooflike surfaces have toned to a deep cobalt with mauve undertones. An extremely sharp original coin which represents a "best value" in this section. 1,625.00
- 1824 MS (65) O-109. (R-2). Obvious triple profile. Light golden-grey shading to iridescence at the left obverse. Bold, unbroken luster and an excellent even impression make this an attractive and remarkably choice type coin. 5,400.00
- 1830 MS (63+) O-119. (R-1). Medium 0. Untoned and ultra-frosty. Were it not for some weakness of strike at the central reverse, this flashy coin would easily merit a "65" grade. 3,500.00
- 1832 MS (65) O-102. (R-1). Small Letters. Somewhat prooflike obverse graced by wonderful chartreuse rust and lilac-grey toning; similar but lighter reverse bathed in an overcoat of gold. Easily the finest strike we have ever seen on an 1832 Half Dollar. The details appear almost three dimensional and even the smallest details are bold. One of the finest type coins in this offering. 5,400.00

BUST HALF DOLLARS

- 1833 MS (65) O-112 Deep sea-green, gold and blue toning, excellent luster. While not nearly as sharp as the 1832, the luster is every bit as good and the surfaces are every bit as clean. 5,400.00
- 1836 MS (63) Bust, Lettered Edge, O-112, R-1 Dusky orange-grev with some indescence below deep grey surfaces. 1,625.00
- 1837 MS (63 65) Bust, Reeded Edge. Excellent luster, light original toning atop very clean surfaces. This well struck coin is way above average for the date and type. ANACS S-5449-A for grade and authenticity. 5,625.00
- 1839 AU (55+) 725.00

SEATED LIBERTY HALF DOLLARS

- 1848-O MS (63) Lustrous satiny surfaces toned to a light gold with the rims blackened by album storage. Lightly marked on the surfaces but choice for the date and grade. Scarce and unobtainable any finer. 1,475.00
- 1853 MS (60) Arrows and Rays. Fiery gold toning atop lustrous surfaces. An outstanding value and a coin as nice as most graded "MS-63". 1,975.00
- 1853 MS (63+) Arrows and Rays. Fully lustrous, well struck and not as heavily abraded as other A&R Halves we've seen of late. In fact, the surfaces are suggestive of a full "65" grade. Scarce and in great demand. 10,200.00
- 1854 MS (63) Untoned and lustrous. A fully struck, naturally brilliant coin which is only a mark or two away from raves. 2,225.00

- 1860-O MS (63) Semiprooflike with a trace of light bluish-gold toning. 1,150.00
- 1860-S MS (63+) Struck from lightly clashed dies. Medium "metallic silver" with flecks of grey-green throughout the surfaces. A few contact marks in the right obverse field are hidden by the toning. Scarce. 3,425.00
- 1861 MS (63) Fully prooflike and deeply toned. The reverse is of Gem quality. 1,150.00
- 1861 Proof (63+) Similarly toned to the last but with a slightly different scheme on the obverse. 2,750.00
- 1862 MS (67) Superb! Struck from lightly clashed dies. Virginal satin surfaces toned to a pale gold; crescents of indescence are forming at the date, head and below the denomination. A tiny hit near Ms. Liberty's mouth is really the only mark on this amazing coin. The second finest business strike 1862 Half Dollar we have ever seen and a rarity in this grade. 10,250.00
- 1872 AU (55) Untoned and lustrous. A scarce and very underrated date. 375.00
- 1873 MS (63) With Arrows. Pleasing rose-gold toning atop lustrous, lightly marked surfaces. A desirable type coin. ANACS S-5093-A for grade and authenticity. 2,275.00

ONE DOLLAR GOLD

1849-O MS (63) Medium green gold with coppery-hued luster adding excellent eye-appeal. A razor sharp strike and nice surfaces, for the grade, make this an especially nice example of this scarce date.	2,200.00
1851-C AU (58) Prooflike; even yellow gold. No real wear but signs of cabinet friction on the cheeks as well as some faint handling marks in the fields.	1,450.00
1851-D EF (40) Light green gold toning atop somewhat prooflike surfaces. An excellent, even impression with similarly noteworthy surfaces. A scarce coin even in this grade and a very difficult date to find without problems.	1,150.00

Light adjustment at the obverse denticles from 12:00 to 7:00; otherwise a nearly flawless coin.
